

August 25, 2010 Press Release

New OREF Forms Released Woodstove and Fireplace Insert Addendum

As of January 1, 2010, it is required to disclose if a woodstove or fireplace insert is certified. This disclosure question was added to the Seller's Property Disclosure Statement OREF-020 at the beginning of the year.

As of August 1, 2010, it is required to remove and destroy an **uncertified** woodstove or fireplace insert upon the sale of a property.

OREF has provided two new forms to address the uncertified woodstove and fireplace insert requirements:

OREF-046 WOODSTOVE/FIREPLACE INSERT ADDENDUM
OREF-049 CERTIFICATION OF DESTRUCTION

These forms are only available in electronic format and listed under Miscellaneous Forms.
